Product News Guide

Finally. A video recorder  
that **sounds** as good as it looks.

Introducing VideoTrack – The best way to capture video that sounds as good as it looks. Equally at home at the gig, in your backyard or on vacation, VideoTrack delivers crisp, clear video with exceptional audio clarity thanks to a pair of built-in hi-quality stereo condenser microphones. A bright 2.4" LCD screen lets you easily monitor your footage, while 3X zoom gets you close to the action, even from afar. The included software gives you easy drag-and-drop file transfer and direct-to-YouTube upload capability so you can edit and share your masterpiece in no time flat.

Don't settle for video with inferior audio. Start capturing your life with Video Track today.

FZGSP12CDJWBL

As the evolution of the DJ continues, so does the designs of Odyssey DJ coffins. Introducing the new BLACK LABEL™ REMIXER™ GLIDE STYLE™ SERIES DJ coffins featuring a full width glide platform to place all your DJ remix gear. With digital vinyl software such as Serato, Traktor Scratch, and Ableton, more DJs have gone through the transition from beat mixer to full on remixer producer. Availability of so many affordable remixing tools to the DJ, such as midi keyboards and controllers to laptops and iPads, have grown to an ultimate high and Odyssey is there in the middle of it all providing these DJs the most functional DJ coffins yet with the REMIXER™ GLIDE STYLE™ SERIES. Standard Flight Zone® cases are also available. (pg.33)

Recessed Rollers for easy transportation

**FZNS7WBL**

**FZNS7WBL**

Protect your investment on the Numark NS7 controller for the Serato ITCH software with the well known quality of an Odyssey case. Each features room under and behind the NS7 controller area to store hard drives, cables, etc. The FZGSNS7WFX version features our patented "Glide Style™" full width platform with a NSF attachment plate that allows you to setup and use your laptop, FX controller, and other additional digital DJ gear just above the NS7 for easy access. Slide the platform back or forward to the right spot that's best for you. An additional pullout shelf and cable port hole just under your NS7 provides even more convenient placement of your gear, such as Odyssey's "CONTROL SL" Serato keyboard (not included). Both NS7 case models are also available in our standard Flight Zone® series (see pg. 42).

# IT'S MORE. IT'S LESS.

Introducing GX7, the newest model in the GX Series family. It's a brilliant combination of more power and less weight. It's everything you need in a power amplifier and none of the distraction and expense of the things you don't. And, like the rest of the #1-selling retail amplifier line in America<sup>1</sup>, the GX7 is backed with an industry-best 6-year warranty<sup>2</sup>.

Model	Watts per Channel*		Weight
	8Ω	4Ω	
GX3	300	425	27 lbs.
GX5	500	700	28 lbs.
<b>GX7</b>	<b>725</b>	<b>1000</b>	<b>17 lbs.</b>

\* 1kHz, 0.1% clipping

GX7 is assembled with care and pride at our headquarters in Costa Mesa, California.

# DN-MC6000

The **A1** of all-in-one controllers.

We're serious about our products, their build quality and how they perform, just like you are serious about your gigs. We believe you DJ to entertain, to have fun, and to make money. So why would you stake your business, your reputation, your performance and your compensation on an all-in-one toy?

Introducing the Denon DJ DN-MC6000 4ch. / 4-deck MIDI controller with USB Sound Card.

It won't physically print you money, but you get the idea.

VIRTUAL DJ

## Remixer™ GLIDE STYLE™ SERIES DJ COFFIN

As the evolution of the DJ continues, so does the designs of Odyssey DJ coffins. Introducing the new REMIXER™ GLIDE STYLE™ SERIES DJ coffins featuring a full width glide platform to place all your DJ remix gear. With digital vinyl software such as Serato, Traktor Scratch, and Ableton, more DJs have gone through the transition from beat mixer turntablist to full on remixer producer. Availability of so many affordable remixing tools to the DJ, such as midi keyboards and controllers to laptops and iPADS, have grown to an ultimate high and Odyssey is there in the middle of it all providing these DJs the most functional DJ coffins yet with the REMIXER™ GLIDE STYLE™ SERIES. Also available in Black Label™ Series. (pg 11)

# GAME ON

Two computers, two USB ports, four decks and a range of effects.

Rane and Serato welcome the ultimate club mixer experience. Introducing the first Scratch Live compatible DJ mixer that allows two computers to be connected simultaneously. Using two USB ports, the new Rane SIXTY-EIGHT mixer lets two DJs play Scratch Live at the same time, allowing seamless handover from one DJ to another. You can also control up to four decks with a single laptop.

Armed with studio-grade phono preamps and S/PDIF inputs to provide a blend of analog and digital audio sources like never before, the Rane SIXTY-EIGHT features easy to use internal digital effects, and direct control of over 30 Scratch Live library, cue and loop functions.

Serato adds four new Display Modes into Scratch Live 2.0. These new screen layouts introduce 2, 3 or 4 deck control, each with clean design and your choice of Library Views. Additional tools can be activated in Scratch Live that give you an expanded view and instant control of a range of free plug-ins including the SP-6 Sample Player, brand new Serato DJ FX and direct access to Ableton Live via "The Bridge". You can also add the optional Serato Video-SL plug-in to bring exciting visuals into your performance.

You now have access to more tracks and effects than ever before with the clean and simple control that makes Scratch Live the number one choice for professional DJs.

The Rane SIXTY-EIGHT mixer with Serato Scratch Live 2.0

Featuring a Top Glide Platform & Bottom Glide Tray. (This case is not designed to transport laptops.)

**NEW ARRIVAL**

Detachable FX Plate also sold separately

**FZNS7W**

Recessed Rollers for easy transportation

Protect your investment on the Numark NS7 controller for the Serato ITCH software with the well known quality of an Odyssey case. Each features room under and behind the NS7 controller area to store hard drives, cables, etc. The FZGSNS7WFX version features our patented "Glide Style™" full width platform with a NSFX attachment plate that allows you to setup and use your laptop, FX controller, and other additional digital DJ gear just above the NS7 for easy access. Slide the platform back or forward to the right spot that's best for you. An additional pullout shelf and cable port hole just under your NS7 provides even more convenient placement of your gear, such as Odyssey's "CONTROLSL" Serato keyboard (not included). Both NS7 case models are also available in our Black Label™ series (see pg. 14).

**“I'M HOOKED”**

- PETE TOWNSHEND

# APC40

ABLETON CONTROLLER

"The APC40 is the most powerful new tool for the stage and studio that I've seen in the last ten years. It makes creating loops and rhythmic scenes, constantly changing and evolving, so easy. It's completely intuitive, and everything is right under my fingers."

This interface, loaded with drum loops, makes you feel like that kid in Santana playing at Woodstock in 1969. It's a revolution, but this time the only drug is the APC40. I'm hooked."

- PETE TOWNSHEND

## AKAI APC-40 DIGITAL CONTROLLER CASE

### FZAPC40

The right case with the perfect fit, Odyssey's FZAPC40 is the latest in a rich history of innovative case designs, engineered specifically for the hottest Akai Product on the market today!

Our case comes foamed lined all around its interior, insuring that secure fit. Also featuring lockable latches, room for the power supply, and a compact design making it the only choice when it comes to protecting your future. So when you're ready, roll with the best, Odyssey... leading through innovation.

## BCURBAN17 DIGITAL GEAR BAG

BCURBAN17 laptop bag is specifically designed for digital DJs in the laptop arena. It can comfortably hold up to a 17" laptop, LPs, interfaces (i.e. Serato, Torq, etc.) headphones, mics, needle cases, record cleaner and other digital essentials. Flap features zippered pockets, plenty of pockets for all your gear. Outside pockets are great for phones, PDAs, or quick access items. Get to your next gig in style - all in one bag! Simply a better product by design.

**BCURBAN17**  
• Ext. Dims: 18.25"W x 15"  
• Weight: 2.8 lbs.

## HEADPHONES/HEADPHONE POUCH

*Also fits the Serato Scratch Live as well as other laptop interfaces and pocket hard drives!*

Keep your headphones looking new with our Headphone Pouch. Also great for holding any type of small gear you don't want to lose or get scratched up.

**BHP**  
• Dims: 7.5" x 0.25" x 9.5"

## RACK BAGS

Our Rack Bags are made of an 800 Denier ballistic nylon covering that withstands the challenges of constant transport. Stylish zipper pulls are chrome plated and can be locked together for added security. A roomy outside zippered pocket allows for storage of all the essentials such as mics, cables, etc. Absolutely the best rack bag ever designed and built for the music industry professional.

BR308

BR412

### FEATURES:

- complete access to front & back of racked gear
- comfortable shoulder strap
- front pocket storage compartment

*Our unique rack bags allow you to remove the interior hard shell from the padded bag so you can stack racks firmly on top of each other without the bag getting in the way! All rack bags include a shoulder strap along with a small bag of rack screws and washers.*

*The black carpet covered interior shell is studio furniture friendly - no rubber feet or metal edges to damage or mark surfaces.*

*Complete access with front and rear opening. Odyssey rack bags allow for both front and rear access without removing the interior shell.*

# ROCK N ROLLER® MULTI-CART®

## An Essential for DJs

Moves huge amounts of gear.  
 Folds small for easy storage.  
 High-tech swivel casters.  
 Dependable steel frame.

**Best selling equipment cart in the music industry!**

Wide air-filled all-terrain wheels help navigate grass and gravel.

Two-wheeler configuration takes steps easier with the help of a built-in stair-stepper bar.

Most DJs can move all of their gear, including PA, in one trip.

Optional top shelf & lower deck kits add on-site versatility.

Perfect behind-the-scenes work desk for running lights, show production & recording.

Instantly transforms into any of eight configurations.

Tough, textured finish resists equipment slippage.

## ORTOFON S-120 SERATO TURNTABLE DJ CARTRIDGE

**U.S. AUTHORIZED DISTRIBUTOR**

The "Ortofon|Serato S-120 DJ Cartridge" has a patent pending design that will virtually "hug the grooves" of a record using a unique suspension system that the two companies have co-designed. All vinyl DJs will benefit from the extreme tracking ability delivered by this revolutionary new cantilever suspension. With 4.0 gms of vertical tracking force, the S-120 achieves an amazing tracking ability of 120 µm compared to the conventional 80 µm at 315Hz, a 50% performance improvement on standard DJ cartridge.

Case available with Concord or OM Kit packages

Whether your next gig is big or small, you want your video show to be as dramatic and memorable as possible. The best way to enhance the "total experience" of your video display is with our new Mobile VSSL™ video screen system. The VSSL™ systems boasts maximum image quality and luminosity indoors or outdoors. Features front or rear projection. At the maximum stretched point the viewing field is 88" x 60". At the minimum stretched point the viewing field is 80" x 52"

- Max Height is 14'
- Min Height is 6'
- Max Width 10'5"
- Min Width is 8'
- Includes Tripod Frame, Video Screen, Lower Bar Tripod attachment & Carrying Bag
- 55 lbs. with bag
- Video screen (LTMVSCREEN1) & dual tripod frame also sold separately

The entire Mobile VSSL™ system, including the screen, fits into its durable heavy-duty bag, ready for travel or storage, freeing you up to focus on what is really important... your performance.

### LTMVSS8

The Odyssey VSS-8 Mobile Video Screen System is a convenient projection screen display package consisting of one MTS8 Mobile Truss System (LTMVSS8) and one Scrim Werks™ 7' x 5' Projection Stretch Screen (LTMVSCREEN1). Made extra compact & light, it's easy on you back and to store, but still strong and high enough for those essential LED lighting effects for your mobile gig as well as the LTMVSCREEN1 projection stretch screen\*. So simple to set up, it can be done in less than 3 minutes. Just attach the two 4' truss sections together and place on top of the tripods (tighten tension knobs as you go). Then attach the screen loops to the frame knobs, raise the bars to the maximum height, secure, and you're done!

- Front and Rear Projection Screen
- 6'8" x 5' Viewing Field
- Screen made of High Quality Lycra Spandex
- Flame Retardant Treated Screen \*(Retardant must be retreated after washing or dry cleaning)
- Carry Pouch and Attachment Straps For Screen Included
- Max Height is 8'7", Width 8'
- MTS8 Frame Can Handle an Evenly Spread Load of 150 lbs.

## VIDEO PROJECTION STRETCH SCREEN

The Odyssey Scrim Werks™ projection screens can be used for a wide variety of applications from unique outdoor shading configurations attached onto truss or other temporary structures to indoor theatrical or banquet backdrops and projection. Each has sewn in stretch loop points to stretch and secure into various shapes and sizes. Use in conjunction with other Scrim Werks™ products along with colored light washes or small silhouette projections to achieve that extra ambiance to your scrim design (use all safety precautions when using with heat and electrical devices). Carry pouch and attachment straps included.

### PROJECTION SCREENS VIEWING FIELDS

MODEL	MAX. VIEWING FIELD	MIN. VIEWING FIELD
LTMVSCREEN1	88" x 60"	80" x 52"
LTMVSSCRNLG	192" x 78"	168" x 60"
LTMVSCRNSM*	72" x 30"	60" x 24" can also be used with tripod light stands

## SCRIMWERKS™ DESIGNER SCRIMS™

The LTMVSCRNSM rectangular screen can be used with any Odyssey LTP light stand nicely covering the length of the support poles with two corner loop points attached to any two bottom legs of the tripod and the other two corner points attached to the ends of the top crossbar. The triangular designer scrims can be used with your speaker and lighting stands set ups for a cleaner and more professional look securing easily to any 2 bottom legs of your tripod and also to the lower pole tension knob covering 1/3 of the bottom tripod leg area.

- Made of High Quality Lycra Spandex
- Material Recovers to Original State After Being Stretched
- Flame Retardant Treated
- Machine Washable \*(flame retardant must be retreated after washing)
- Carry Pouch and Attachment Straps Included

## SCRIMWERKS™ X STAND SLIP SCREENS™ **NEW ARRIVAL**

Dress up your LTBXS X Stand with Odyssey's new SPALTBXSWHT white Slip Screen™ cover. Simple and easy to use, the SPALTBXSWHT stretches snugly over the top of the X Stand down to the 4 leg points projecting a clean professional look to your set up by keeping your cables hidden from your audience. For an attention grabbing light design, you can use the white Slip Screen™ in conjunction with a small LED color wash effect underneath\*.

(Use all necessary precautions when using with heat and electrical related devices.)

### Features:

- Hassle Free Set-up
- Material Recovers to Original State After Being Stretched
- Flame Retardant Treated
- Reinforced X Stand Leg Pockets
- Machine Washable \*(flame retardant must be retreated after washing)
- Carry Pouch Included
- Exterior Dimensions In Carrying Pouch: 3.5" x 11.5" x 3"

## SCRIMWERKS™ TRUSS SLEEVES SLIP SCREENS™

Presentation is everything to your audience, so when you want to add that extra nice décor to your set up, use Odyssey's new Scrim Werks™ Slip screens. Slip it over a dull or scratched up truss and transform it into a clean white column or illuminate it in glowing majestic colors with an LED light wash. Use in conjunction with other Scrim Werks™ product to create a great background effect and percolate structural ambiance to any outdoor or indoor banquet, rave, or theatrical setting

Fits standard 12" x 12" square truss sticks  
Available in 3 lengths

- TS1205 for 5' long truss
- TS1208 for 8' long truss
- TS1210 for 10' long truss

# ULTRABEAM

Projects a beam of light reaching up to 16 feet away with a 3 foot diameter

The UltraBeam is the ultimate in high intensity LED technology. Weather resistant and durable, it features a universal clip with a 360-degree rotatable head while providing a bright beam of light to clearly illuminate what you are looking at. A must have for every DJ. (Includes two 3 volt 200ma lithium cell batteries)

- Dims: 1" x 2" x 3"
- Weight: 1lb.

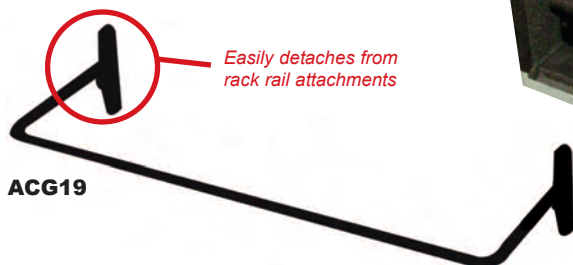

**ULTRABEAM**

# CD TRAY GUARD

Detachable Protection Bar

Tired of sending your CD player in for tray repairs due to accidental bumps and swipes? Our CD tray guard puts an end to expensive incidental protruding tray damage. It's also great for hanging your headphones on. Protection bar easily detaches from rack mount attachment.

Easily detaches from rack rail attachments

**ACG19**

# Werk Light

Light up that rack with our über-cool, 7 color Werk Light. It's the perfect companion for any pro audio rack. Each model features a built-in color changer that allows you to switch colors with a push of a micro button. It can also change colors automatically for a cool rainbow color morphing effect. The virtually unbreakable LED plexi-tube lasts for years without having to worry about bulbs burning out. Stays cool to the touch while giving your rack a hot new look.

## WERK LIGHT 2500

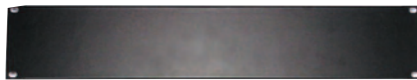

- 2 color changing modes (scroll and solid)
- 7 colors
- 19" rackmount
- Dims: 19" x 1.75" x 3.5"
- Weight 2 lbs.

## WERK LIGHT 3500

- 8 rear outlets + 1 in front
- Random color changing
- slow/fast color changing
- Auto color mixing fade in/out
- 7 colors
- Dims: 19" x 1.75" x 6"
- Weight: 5 lbs.

# RACK ACCESSORIES

AVAILABLE IN 4 DIFFERENT SIZES. Solid steel blank panels are great for covering empty rack space. Also useful for keeping long cables or other loose items inside the rack during transport.

This raised panel deters unauthorized persons from adjusting the gear covered. Large perforations allow visual confirmation of settings without removal while also allowing air flow.

Fan Panel

## ABOUT BOBADILLA CUSTOM CASES:

BC custom cases are first and foremost designed to protect your valuable gear. Our in depth knowledge in custom case designs, attention to details, as well as quality and craftsmanship has made us the industry standard in product protection. Depending on your product and equipment protection needs, be it for heavy-duty transit or just lightweight carrying cases, BC Cases gives you the assurance of protection you can depend on.

## EXTERIOR MATERIALS

Fiberglass, ABS, and aluminum laminate, birch, industrial, or our all-new lightweight, extremely strong polypropylene plastic. Available in 1/4", 3/8" and 1/2". Call us for details.

## WHAT DIFFERENT COLOR PANELS DO I HAVE TO CHOOSE FROM?

We have a full spectrum of colors to choose from. Ask your salesperson for available colors at the time of your order.

## CAN I ADD CASTERS TO MY CASE?

Yes, you can add casters. Swivel or ridged casters can be mounted right on the case or caster board. Even pneumatic casters are also available.

## DO YOU OFFER STENCIL OR CUSTOM LOGOS ON CASES?

Yes, we do. From basic stencil lettering to silk-screening.

## CAN MY CASES BE LOCKABLE?

Yes, please specify either cam-lock or hasp-lock style butterfly latches when ordering. You can even supply your own custom locks.

## WHAT IS THE WARRANTY ON THE CASES?

We offer a limited lifetime warranty on all of our cases to the original purchaser, which covers normal wear and tear. It does not cover misuse, or anything other than what your case was intended for. Our goal is to protect your gear inside during transport from gig to gig and show after show.
